A former employee recently asked, "What are questions you ask software engineering management candidates?" These questions really focus on the people-skills for managers. If you're looking for technical questions, I highly recommend techInterview or stumbling around on Stack Overflow. Lead Off Que

### **Engineering Management Interview Questions - Rands in Repose**

A software engineering manager must keep teams of developers and project managers focused on immediate and short-term goals while working with business leaders to prioritize projects and address long-term goals. If you're getting ready to interview candidates for this position, prepare a list of questions designed to ...

### **Interview Questions for a Software Engineering Manager ...**

I recently completed a loop of interviews for a software engineering manager position. Below is a collection of 50+ mostly behavioral questions I was asked by panels at a variety of companies in the SF Bay Area. No one asked all these. I didn't write notes in the interviews so these are taken from memory. I was also asked a variety of technical questions in my field e.g. most often system ...

### **Popular Interview Questions for Engineering Managers ...**

Not long ago, we needed to hire a new manager for my Python team in New Relic's product organization. As part of the hiring process, candidates interviewed with the engineers on the team. This post is about how I worked to make that manager-interview process as productive as possible.
