Engineering Lettering Mr. Ismael M. Quiazon AMT, BSCpE, M'Engg . Architects and engineers have their own kind of lettering. Students in these fields learn to letter by hand, even though they will be doing much of their work on the computer, because design sketches are always done in pencil, as are many other types of sketches such as preliminary drafts, and design ideas.

Engineering drawing (engineering lettering) lesson 3

Technical lettering is the process of forming letters, numerals, and other characters in technical drawing. It is used to describe, or provide detailed specifications for, an object. With the goals of legibility and uniformity, styles are standardized and lettering ability has little relationship to normal writing ability. Engineering drawings use a Gothic sans-serif script, formed by a series ...
