communication (technical/engineering drawing) may prove irreplaceably useful. Drawing (just like  
photography) is one of the basic forms of visual communication. Drawing is used to record objects  
and actions of everyday life in an easily recognizable manner. There are two major types of  
drawings: artistic drawings and technical drawings.

### **BASIC ENGINEERING DRAWING - WikiEducator**

An engineering drawing, a type of technical drawing, is used to fully and clearly define  
requirements for engineered items.. Engineering drawing (the activity) produces engineering  
drawings (the documents). More than merely the drawing of pictures, it is also a language—a  
graphical language that communicates ideas and information from one mind to another.
