I have a Dixie chopper with a generac engine, model # 050508, serial #7738803. The engine only has 377 hrs. on it and it leaks oil from the bottom. I have checked where the oil sensor is and repaired that, but the problem is under the engine. Has anyone had this problem before and if so what is the cause. I have been told by a dealer that the engine case bolts from the factory loosen up.

Cub Cadet Zero Turn mower engine is running but the lap ...

The other day while mowing I felt the left side steering get weak and almost lose all power. I turned off the mower and restarted it and it was better but it had a little whine like when the power steering pump needs fluid an a car. But everything I read says my transmissions are a sealed unit with no service required. Need feedback as to what can be done.
