EDGECAM TestDrive. The TestDrive Programme has been designed to give CNC Manufacturers the chance to evaluate the use of a CAM system with zero cost and at zero risk. A number of engineering firms are falling behind their global competitors by still relying on manual programming, or use inefficient CAM software to create CNC code. [Learn More](#)

With a help file that is very patchy to say the least and a training manual that skips over some very important day to day issues its no wonder I was starting to doubt my own ability. This Blog was purely born out of frustration after spending nearly 2 years in trying to get issues resolved with Edgecam.
