I received my eXplorist GC yesterday and went out today to find my 2nd cache. Believe it or not I found my first one by using Google Maps! The online manual is better than the one in the box (48 pages) but it still thinks all users already know how to use a GPS, so it gives mostly information on Geocaching.

I just bought eXplorist GC it came with v1.8 and after taking it out of the box and doing the initial set up I logged into Magellans web site and done the v2.15 update. No problem with down load install but after my first GC hunt went and bought a different unit from garmin because the were no "maps" just blank scene behind the compass.
