### **Engineering Career Advice - 5 Tips for Acing Your Annual ...**

Sure, performance reviews are a time to get feedback on your work throughout the year. But sometimes we forget that it's also a time to share your own goals (and even suggestions!) for the future with your boss. After all, you're part of a team, and talking about what's working, what's not, and what would make you a better professional can only help your boss be a stronger leader.

### **What to Tell Your Boss at Your Performance Review - The Muse**

Improve performance appraisals by the number and the quality of the goals set. If there are more than four to six key goals, the employee has signed up for an unachievable agenda. Always encourage and enable time so the employee can work on personally desired developmental goals in addition to the business goals.

### **How to Create Successful Performance Appraisal Goals**
