Hello, hope all is well with you. I have a simple two part question for you. What is the normal operating temperature (engine) on a 2007 road king classic with a 96 cubic inch motor.. and what kind of temperature readings should I expect to get on the head pipe between jug and O2 sensors?

Harley Overheating | Fix My Hog

What should the oil temperature be on a Harley Davidson v-twin. I have a 2007 Road Gide and just got one of those cool digital oil temperature thermometers for father;s day. When it is around 90 degrees outside, my oil temperature is around 255 degrees. Is that right, or is that too hot. Since I never had a thermometer before, I have no idea what the engine or oil temperature normally is.
