Performance Chips & Programmers for Truck & Cars | JEGS

Engine tuning is the adjustment or modification of the internal combustion engine or Engine Control Unit (ECU) to yield optimal performance and increase the engine's power output, economy, or durability. These goals may be mutually exclusive; an engine may be de-tuned with respect to output power in exchange for better economy or longer engine life due to lessened stress on engine components.

Engine tuning - Wikipedia

Buy online performance chip for your car such as ECU chips, power and Flash programmers and Custom horsepower tuning.
