Engineering Law School

Engineers in Law School: A Survival Guide. Tweet to @learnleo. Engineering (or any hard science) and law can be a powerful combination. The communications skills developed in law school can be a great complement to the quantitative skills developed in your engineering training.

Engineers in Law School: A Survival Guide - LearnLeo

How to Apply to Law School as an Engineer or Scientist A STEM background can set you apart from other applicants if you present it correctly.

How to Apply to Law School as an Engineer or Scientist ...

I am also an engineering student and would like to be a lawyer if it is still possible. Both my GPA and LSAT scores are good, but I am not sure if I could be admitted into a top ranked law school because of the mistake I made in my first year of college that I sincerely regret, that cumulated to a class B misdemeanor charge, that of theft.

Does it make sense to go from engineering to law school ...

I definitely want to get a B.S. degree in chemical engineering, possibly with a double minor in mathematics and political science. However, what type of grad school degree should I pursue? The professional engineering track? (M.S. degree in chemical engineering, M.Eng. in chemical engineering) Or what benefits would come from attending law school?

Engineering -> Law School — College Confidential
