The European Trauma Course (ETC) is a two-and-a-half-day simulation-based, hands-on course. The course is mainly practical and the candidates will be led in small groups through scenarios of increasing difficulty. This course will be spoken in English. ETCO The ETC is a project of the European Trauma Course Organization (ETCO).

European Trauma Course - Altec Lates

Over three long days, the course trains candidates in the management of the trauma patient from the roadside to critical care, with half of the course pre-hospital and half in-hospital. ATACC includes all of the essential elements for pre-hospital care and all the requirements for staff working in a major trauma centre.

Anaesthesia Trauma & Critical Care - The ATACC Group

Therefore, the European Trauma Course (ETC) was developed on behalf of the European Resuscitation Council (ERC), the European Society of Trauma and Emergency Surgery, the European Society of Emergency Medicine and the European Society of Anaesthesiology. The ETC was officially launched during the ERC biennial conference 2008 in Ghent.

The European Trauma Course (ETC) and the team approach: Past, present and future ... containing too much information and was in excess of the immediate requirements of those attending the course. Therefore the manual is currently being revised and a more reader friendly and shortened edition will be published in 2009.

The European Trauma Course (ETC) and the team approach ...

Based on my experience with the Resuscitation Council (UK) ALS course manual, the cost of printing a similar manual in the UK would be a fraction of this figure. Surely, the time has come for the UK to develop its own generic trauma course. There are already plans to develop a European trauma course in association with the ERC.

Advanced trauma life support in the United Kingdom: time ...

It is therefore interesting to note that up to the latest edition there were no emergency medicine or anaesthetists acknowledged as contributors to the course manual. Nolan and McKeown list further inconsistencies between the course and how trauma care is practised in the UK and other countries.

ATLS: past, present, and future | Emergency Medicine Journal

The unmet need for a corresponding training programme has prompted the European Resuscitation Council (ERC) to launch the European Trauma Course (ETC) project in cooperation with the European Society of Anaesthesiology (ESA), the European Society for Trauma and Emergency Surgery (ESTES) and the European Society for Emergency Medicine (EuSEM).
