Caterpillar engines require cetane numbers in the range of 35 to 40. In areas where fuel quality is less certain, fuel analysis by lab sample may be helpful in determining the need for fuel additives and/or a water separator. We can provide fuel analysis services to further assure your customer satisfactory engine performance. Jacket Water Heaters

JACKET WATER HEATERS - ENGINE - GENERATOR SET Caterpillar ...

Starting Systems An engine starting system must be able to crank the engine at sufficient speed for fuel combustion to begin normal firing of the cylinders and keep the engine running. Startability of an engine is affected by factors such as ambient temperature, engine jacket water temperature, and lubricating oil viscosity.

Application & Installation Guide Starting Systems

My Caterpillar 3116 (the predecessor to the 3126) came with a Caterpillar block heater. It is located in the water jacket/side of block just below the turbo. The element went out, so I just replaced it. Note, this is one of the two locations for a block heater on the 3126, per Hotstart's website. ... Engines ; CAT 3126B Block Warming
