**error 651 in windows 7 - Microsoft Community**

This a well known bug in Windows 7 specially when you migrate from Windows Vista to Windows 7. The cause is a file "raspppoe.sys". This file will be found on the partition you have installed your operating system If it is C: partition then it is found on C:\Windows\System32\drivers.

**SOLVED: How to fix error 651 on windows 7 - Fixya**

There are, however, a lot of workarounds, suggested, of course, by other users. If you have this problem in Windows 7 (or may be Windows Vista/XP as some of the solutions works on these operating systems, too), check out what I have found for the possible solutions for this error: 1. Replace the raspppoe.sys in Windows/System32/Drivers directory.

**[Solution] Error 651: The modem has reported an error**

There are a lot of solutions suggested, of course, by others, as I mentioned there is no official solution for it. If you have this problem in Windows 7 (or can be Windows Vista / XP as some of the solutions that work there), check out what I found:
