964 Model/Type Overview: The Porsche 964 was the model series for the Type 911 produced between 1989 and 1994. The Porsche 964 represented the first "modernization" of the 911 and is, by most measures, the most technically advanced while still retaining the raw, classic sports car look and feeling of the original air-cooled 911 series.

**Porsche 964 FAQ - Rennlist**

The 964 air conditioning and heating control unit responds to oil temperature in the oil cooler, not in the engine. The oil cooler is connected to the oil thermostat and the oil tank in the rear of the car by two oil lines. These run to the back along the right side of the car.
