Engineering Graphics has been serving the community of engineers as the only medium through which all sorts of engineering communications regarding planning as well as design can be made. Hence it is essential for all engineers to achieve the capability of reading, preparing and interpreting drawings. The aim of the book is to provide a well-built foundation of engineering drawing to the ...

### **Engineering Graphics - B. Bhattacharyya - Google Books**

This was required for my Engineering Design Graphics I course. It's one of the few textbooks that I could read an entire chapters all the way through and actually understand. They really break it down for us. I love how they provide plenty of picture examples of what acceptable and what isn't in graphics drawings.
